

OHS 988-25

HOT AIR SEALANT SEALING MACHINE

Zipper fastens to underside of chin

3-piece hood

Ample crotch

Elasticated wrists

Elasticated ankles

Fully elasticated waist

PRODUCT PARAMETER

MODEL NO	OHS 988-25
VOLTAGE	AC220V, ≤3kw, 50HZ
HEAT FORCE CONTROL	-700° C
SPEED	1-30m/min
COMPRESSED AIR	3-3.5kg/cm ²
PRESS WHEEL WIDTH	25.4mm
HOT AIR SPEAR HEAD WIDTH	24mm
UP WHEEL PRESSURE DROP STROKE	25mm
WHEEL PRESSURE	1-1.5kg/cm ²

PRODUCT FEATURES

- Adopts PLC to easily read, high definition multi-function display, makes clear the speed, temperature, operation program
- Adopts double step drive mode, ensures smooth feeling of upper and lower wheels
- Auto temperature control, high stability, temperature fluctuation ±1.5, temperature Ceiling alarm setting
- According to the human body mechanics is design of foot step control program, For Comfortable operation with less fatigue, suitable for long time operation
- Unique heat pipe structure, incoming air is filtered, prevents cloth, wool and Dust from entering
- Automatic micro-return function, length can be set according to requirements, Automatic tape feeding and cutting to improve product quality
- Automatic tape feeding and cutting, automatic tape tail completion, reduces Material consumption
- High steel head and upper lower column structure, ensures that the body is Stable and not deformed
