

# DL7300 SERIES FEATURES

## DL7300 Direct-drive lockstitch machine with thread trimmer and right-edge trimmer

Equipped with vertical edge trimmer. While sewing, trimmer can cut the material at the same time to make neat edge appearance.

Trimmer can be easily operated by one-touch control from top.

Superior trimmer mechanism, with better durability and longer product life cycle.

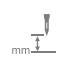

Energy-saving direct drive servo motor, can choose between needle position function or auto thread trimmer.

Needle position function models can equip with binders(optional), to perform tape binding. (Binders are with 3 folders; entering width is 28mm, exiting width is 8~10mm for material.)
